February 25, 2009

An act to amend Sections 72670, 72670.5, and 89901 of, and to add Section 92034 to, the Education Code, and to add Section 6254.30 to the Government Code, relating to public records.

LEGISLATIVE COUNSEL'S DIGEST

SB 330, as amended, Yee. Public records: auxiliary organizations.

The California Public Records Act requires state and local agencies to make their records available for public inspection and to make copies available upon request and payment of a fee unless those records are exempt from disclosure.

This bill would require specified entities to comply with the act, but would not require these entities to disclose information obtained in the process of soliciting potential donors that has actual or potential independent economic value because it is not generally known to the public or because the individuals can obtain economic value from its disclosure or use.

This bill would specify that it is not the intent of the Legislature to designate specified organizations as state agencies by subjecting these organizations to the requirements of the act.

The bill would exempt from disclosure under the act the names, *addresses, and telephone numbers* of persons who volunteer services or donate to specified entities if those persons request anonymity. However, the bill would provide that this exemption does not apply if a volunteer or donor meets specified conditions.

This bill would also provide that it is the intent of the Legislature to reject the court’s interpretation of state law regarding the application of the act to auxiliary organizations, such as the CSU Fresno Association, at issue in California State University, Fresno Assn., Inc. v. Superior Court (2001) 90 Cal.App.4th 810.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
